Color Field Sculpture in the Plein Air Gallery

March 15 & 16 9:30~1:30

\$120 Member / \$135 Non-Member

Explore and improvise with color, shape and texture!! Shelley Parriott creates vibrant abstract work by overlapping layers of sheer material to create compelling visual transitions as hues, patterns and textures interact with one another ...

shapes and colors disappear, transition, and reappear. She will guide you in creating your own collage/assemblage by combining, layering, attaching and arranging various colorful materials - including pliable mesh and screen which she uses in her own work and which she will provide. You will be able to incorporate just about any media into your collage or assemblage. The emphasis will be on the interplay of elements to create new and unexpected results as one material juxtaposes, relates to, and transitions to another.
